

LAKE NEBAGAMON ARMED SERVICES TRIBUTE

Dear Potential Donor,

The goal of the Armed Services Tribute committee is to honor past and current military service people through the design and construction of a tribute wall that will recognize the service and sacrifice of our service men and women.

The Armed Services Tribute committee relies on the donations of individuals like you to make the Lake Nebagamon Armed Services Tribute a reality. The design is mostly complete and we are planning to begin construction by late summer pending the success of our fund raising efforts. The completion of the tribute wall not only begins to honor our military past and present, but it will be an important way for our community to show their appreciation to those same people that have served. The tribute wall will be an attractive addition enhancing our community in an important physical way.

Thank you in advance for your generosity.

Respectfully,

The Armed Services Tribute Committee
